

DEVALIVE

UI/UX DESIGN SYSTEM DOCUMENT

Version: 1.0

Design Philosophy: Dark-First SaaS Experience

Document Status: Approved

1. DESIGN PHILOSOPHY

DevAlive is a technical SaaS platform built for developers.

The interface should communicate:

- Reliability
- Professionalism
- Simplicity
- Performance
- Trust

The UI must feel closer to:

- Linear
- Railway
- Vercel
- BetterStack
- GitHub

and never resemble a college project dashboard.

Core Principle:

Data First
Decoration Second

2. DESIGN PERSONALITY

DevAlive should feel:

Professional
Technical
Reliable
Modern
Minimal
Premium
Fast

Avoid:

Cartoon Style
Bright Neon Colors
Overly Rounded UI
Gaming UI
Heavy Animations

3. THEME STRATEGY

Theme Type:

Dark First

Dark mode is the default experience.

Future:

Optional Light Theme

4. COLOR SYSTEM

Primary Background

#0A0A0A

Secondary Background

#111111

Card Background

#18181B

Used For:

- Online Projects
 - Healthy Status
 - Success Notifications
-

Danger

#EF4444

Used For:

- Offline Projects
 - Downtime
 - Critical Alerts
-

Warning

#F59E0B

Used For:

- Degraded Services
 - Slow Responses
-

Text Primary

#FAFAFA

Text Secondary

#A1A1AA

5. TYPOGRAPHY SYSTEM

Font Family

Inter

Fallback

sans-serif

Heading 1

36px
700

Heading 2

28px
700

Heading 3

20px
600

Body

16px
400

Small Text

14px
400

6. SPACING SYSTEM

Use 8px Grid System

8
16
24
32
40
48
64
80
96

Never use random spacing.
